Contemporary Villa with Natural Materials and Mountain Views

This elegant modern villa, scheduled for completion in 2026, combines natural stone, warm wood accents and expansive windows that flood the spaces with light. Set on an 820 m² plot, the property offers a refined balance of modern architecture and inviting comfort, with generous terraces that create seamless indoor-outdoor living. The design prioritises space, clarity and connection to nature, offering a tranquil lifestyle in a privileged setting with beautiful mountain views.

On the main level, an open-plan living area integrates the lounge, dining space and kitchen, all opening directly onto the terrace. This floor also includes a bedroom with an ensuite bathroom, a guest toilet, a laundry room and a wine cellar. Outdoor areas provide both covered and open terraces, a relaxing chill-out corner and a fire pit that adds warmth and atmosphere throughout the year.

The upper level features the master bedroom with ensuite bathroom and two additional ensuite bedrooms, all with fitted wardrobes. The home benefits from a south-east orientation, ensuring gentle morning light and pleasant sun throughout the day. A carport for two vehicles and a 12 × 3 m swimming pool complete the property.
