In the heart of Preveza, just 700 meters from the sea, a modern maisonette is under construction, an ideal choice for permanent residence, vacation use, or investment exploitation (Airbnb). With a modern design, energy class A+ and an excellent location near shops and the beach, this residence offers a combination of comfort, functionality, and aesthetics.

The maisonette is developed over two levels (2nd & 3rd floor) with a total area of 73 sq.m. and consists of two bedrooms, a spacious and bright living room, modern kitchen, one bathroom, and one WC. It features an internal staircase that elegantly separates the spaces, while the southern orientation ensures natural light and a warm atmosphere all day long.

Heating is provided through an individual heat pump, with independent control per level for maximum economy. The construction includes thermal break aluminum frames, double energy-efficient glazing, thermal insulation – thermal facade, sound insulation, smoke detector, as well as a security door. The property comes with a storage room, offers accessibility/ramp for people with disabilities, insect screens, and is pet-friendly.

The area – Center of Preveza

It is located 700 m from the sea, a few minutes from the market and the beach, with supermarkets, schools, squares, and dining areas within close range. Preveza is known for its coastal front, the old town with picturesque alleys, and the warm, welcoming atmosphere. The property is 1.1 km from the hospital and just 7 km from Aktio airport, making it extremely accessible and practical. A location that combines

sea air, tranquility, and investment interest.
