Leírás:

Nestled in a picturesque corner of the old town, just steps away from one of the main plazas, this delightful house is the perfect home for a couple.

Having recently undergone improvements, the property is move-in ready. From the narrow zigzag street, the modest facade gives no hint of the hidden charm within.

Upon entering, you find a small entrance hall with an elegant glass-and-wrought-iron door that opens into a cosy lounge-diner, leading through to a fully fitted kitchen.

Upstairs, you arrive directly into the spacious main bedroom, complete with a window overlooking the street. A hallway from here leads to a beautifully tiled bathroom. Further along, a few steps bring you to a landing area with access to a sunny patio terrace. This terrace features a higher level with a useful outbuilding — currently used for storage but easily convertible into a lovely garden room.

From this same landing, there is also a small room presently used for storage, which could serve as a home office or single bedroom.

On the top level, another bedroom, currently arranged as a cosy lounge, connects to a laundry room that

also doubles as a walk-in wardrobe. At the far end of this floor, there's another generously sized room with a charming wood-clad ceiling — at present used as a storeroom but perfectly suited to become another comfortable bedroom.
