Castro Marim is one of the Algarves most historic and picturesque villages, located near the border with Spain. Over the centuries it has held great strategic importance and has been the setting for numerous historical events. The castle of Castro Marim dominates the skyline and provides sweeping views over the surrounding landscape. Originally built by the Moors in the eighth century and later rebuilt after the Portuguese conquest in the thirteenth century, it remains one of the regions most important landmarks.

The village is also home to the Mother Church of Our Lady of the Martyrs, the Fort of São Sebastião, the Chapel of São Francisco, and a traditional municipal market offering local produce. Throughout the year, Castro Marim hosts well known cultural events, including the Flower Festival, the Senhor dos Passos Festival, and the popular Medieval Fair that draws visitors from across the country.

Nature lovers are equally well served, as the area includes the Castro Marim and Vila Real de Santo António Marsh Nature Reserve, an important wetland and sanctuary for migratory birds. With its blend of natural beauty, rich heritage, and renowned regional cuisine paired with local wines, Castro Marim offers a truly distinctive lifestyle destination.
