- In one of Berlin's most desirable residential areas, a striking new development is taking shape near Volkspark Friedrichshain, the East Side Gallery, and the River Spree. The project combines timeless design, intelligent planning, and a sense of calm in the heart of the city.

The elegant corner building stands out with its light natural stone facade and curved balconies, creating a refined architectural presence while blending naturally into the neighbourhood. Inside, high ceilings, large windows, and private outdoor spaces ensure light-filled, spacious living environments with a natural flow between indoors and out.

The development offers a mix of smart city apartments and larger family layouts, all with premium finishes such as oak floors, large-format tiles, and branded fittings. A supermarket and cafes on the ground floor bring everyday convenience to your doorstep, while the green inner courtyards provide space to pause and unwind.

With underground parking, electric charging options, and excellent public transport connections, this address offers both comfort and connectivity.

Between creative Kiez culture, local shops, and relaxed parkside living, this development embodies the essence of modern Berlin — sophisticated, authentic, and built for the future. Trendy cafes, restaurants, organic stores, schools, and cultural venues are just a short walk away, while S-Bahn, U-Bahn, and bus connections provide quick and easy access to the city centre.

Our team at First Citiz Berlin will be happy to provide you with further information on this project or arrange a free consultation.

City area

Located in East Berlin, Friedrichshain is a lively and trendy district reminding of Berlin's Soviet past of the city. The Karl-Marx Allee, linking Alexanderplatz to Frankfurter Tor, offers a striking example of Stalinist architecture with its impressive dimensions. It is also a verdant area, especially the Volkspark, famous for its barbecue areas and the outdoor cinema. The area many shops, bars and restaurants around the Boxagheener Platz, famous for its flea market. The RAW, a cultural and alternative place, consists of former hangars converted into workshops, restaurants, sports halls, bars and clubs. Along the Spree, the former Berlin Wall has become an open-air art gallery, the East Side Gallery, hosting paintings by international artists. For several years now, this area has been experiencing real estate expansion. Several international companies, including Zalando, have established their headquarters in the neighbourhood.
