Leírás:

This characterful Finca with land of 265,851m² is situated close to Valdepenas de Jaen, just a short drive to the historical city of Alcala la Real in the south of Jaen province in Andalucia, Spain. With easy road access this uniquely styled countryside property with many original features and once majestic formal gardens are in need to restoration. The property boasts a limitless supply of mountain fresh water including running streams and a waterfall. The main entrance to the substantial property is through an imposing archway that leads to a spacious courtyard. To the left a doorway leads into a reception area with a large lounge / dining room on the left, to the right you have 2 kitchen and laundry rooms then a ground floor shower room off which you have a cave storage area. The staircase with its original tiling takes you to the first floor landing from where you have 2 bedrooms on the right, to the left a corridor leads to 2 further bedrooms and then to a toilet. The staircase continues to the second level landing from where you have 2 bedrooms on the left and a further 2 bedrooms off to the right. Steps from the second floor landing leads to the large open attic storage space. To the rear of the main finca you have a number of derelict outbuildings which could be brought back and used again. A unique countryside property with extensive grounds, that includes 200 olive plus other fruit trees, which deserves to be restored to its former glory.
