#### Leírás:

We are selling a nice building plot on the northern side of the island of Brač. It is located in the first row to the sea, right next to the beach.

The plot has a regular shape, and its area is 719m<sup>2</sup>. All utility connections are right next to the plot.

A building permit is currently being obtained in accordance with the existing project, which can easily be modified according to buyers' wishes. The land is easily accessible because it is only a few kilometres away from the ferry port.

The land has a beautiful view of the sea, beach, and mountains.

More about the location: Brač is the largest island in the region of Dalmatia and the third biggest island from the Adriatic coast. It is located between Split and Hvar and it is very well connected with the mainland. The most common means of transport to reach the island is the ferry, catamaran, private boats and UBER boats. Brač is one of the sunniest islands with 2600 hours of sun in a year. The visitors are glad to visit the island for its wonderful beaches, unique nature and numerous monuments. In addition, a few authentic events and sport activities are organized throughout the whole year. Therefore, it is ideal for the summer holidays and for living during off season.
