Introducing a rare opportunity to secure a beautifully designed villa within an exclusive boutique residential development in the rapidly growing destination of Kuta, Lombok. Offered at a special pre-sales price of USD 159,000, this exceptional leasehold property presents a compelling combination of lifestyle appeal and investment potential. With a secure leasehold title valid until 2066, this villa is ideally suited for investors, holiday home buyers, and those seeking a tranquil tropical retreat in one of Indonesia's most promising emerging markets. Part of a limited collection of only three private two-bedroom villas, this intimate development has been thoughtfully conceived to provide privacy, exclusivity, and long-term value. Scheduled for completion in Q3 2027, each villa will be delivered fully furnished, allowing owners to enjoy a seamless turnkey experience from day one.

Positioned on 102 sqm of land with a generous 145 sqm building size, the villa has been designed with tropical elegance and modern minimalist architecture at its core. The property features two spacious bedrooms, two contemporary bathrooms, and a comfortable enclosed living area that creates a sophisticated yet welcoming atmosphere for both personal use and guest accommodation. One of the development's most captivating features is its stunning natural setting. Surrounded by scenic landscapes and offering breathtaking mountain views, the villa provides a peaceful sanctuary away from the crowds while remaining conveniently connected to Lombok's vibrant coastal lifestyle. Residents are only a five-minute ride from Kuta Beach, one of Lombok's most celebrated destinations, known for its pristine coastline, world-class surf breaks, boutique cafes, and relaxed island atmosphere.

As interest in the Lombok real estate for sale sector continues to grow, opportunities within exclusive boutique developments are becoming increasingly sought after. Lombok has emerged as a strong alternative to Bali, attracting international buyers looking for high-growth markets, lower entry prices, and exceptional lifestyle opportunities. This project perfectly aligns with the increasing demand for luxury properties for sale in Lombok, particularly among investors seeking unique assets in prime tourism locations. Beyond its lifestyle appeal, the villa offers impressive investment credentials. With projected ROI potential of approximately 5–7 years, this property is positioned to benefit from Lombok’s expanding tourism infrastructure, increasing visitor numbers, and rising accommodation demand.
