FOR SALE THE BEST PROPERTY INVESTMENT AND THE BEST HOLIDAY PLACE IN 2022 IN SPAIN
FOR SALE PRERESSEVATIONS FOR APARTMENTS AT CRISTAL LAGOON lake & beach_ LOOKING FORWARD

This village resort is a winner story that I have never experienced in my 20 years of existence. People are queuing up to buy there. We make pre-booking lists of possible buyers. Sales are going so fast that people only have a chance if they are on a pre-reservation list.

At the village resort, 1300 houses, villas and flats will be built over a number of years. The construction has just started.

The prices are very interesting. The added value will increase enormously during the construction and later on and the rental will go very fast because of the facilities offered. The resort has all the licenses to build and is divided into numerous plots which in turn, project by project will be offered by a limited number of builders. There will also be different types of homes such as villas, flats and houses.

The contractor has teamed up with Crystal Lagoons to create Europe's largest artificial lake with crystal-clear water. The Lake is the meeting point of the residents and also the place around which life in this new community revolves. On the beaches, they can relax in the sun, seek refreshment in the turquoise water and afterwards enjoy an unforgettable sunset.

The large openings, optimal orientation and exterior elements that penetrate into the interior allow for an architecture that efficiently connects the surrounding natural elements. Through the use of innovative materials and home automation, the homes are also technologically connected. Our experienced team of architects, engineers, interior and garden designers have thought carefully about each space, in order to live and enjoy to the full both in the homes and in the resort. They have created a new concept of Resort in this part of the Mediterranean, a new way of living and relaxing in a community; we want this project to be a landmark for future generations.

Chic Estates is one of the leading real estate agents authorised to sell this spectacular complex. Having a huge green space next to the house is always a privilege. Having five times more green space per capita than the WHO recommends is even more so. La Reserva has a huge central garden for sports and relaxation surrounded by nature, where the residents can live and enjoy themselves carefree. Passing through the entrance arch and leaving everything behind, feeling safe at all times, staying in a place full of joy and exclusivity, enjoying a well-deserved life. A home where it always seems to be holiday. A fascinating world to discover!
