House that can use some work, but where you can already move in.

The house is in reasonable condition but could use some modernization.

The house offers 2 rooms (living room and bedroom), the kitchen and the bathroom.

The plot is 3,050 m² and behind the house there are several outbuildings with a summer kitchen and a garage. A well is in the garden.

Facilities such as electricity and water are available. For drainage there is the septic tank. Until now, the house was heated with a wood-burning stove. Connecting telephone and/or Internet is no problem.

You will find this house in the village of Kétújfalu, a village with over 700 inhabitants located in the southwest of Hungary. Around 10 km from the larger town of Szigetvár where you can do all major shopping.

In Szigetvár there is a swimming pool (also thermal bath), you can go to a restaurant, a terrace, etc. For golf lovers there is the beautiful golf course of Hencse at 27 km.

Nice house for a good price where you can quickly move in.
