City Concept Evolution is located in the metropolitan area of Porto, at the entrance of Ermesinde, an area that is in continuous development, which contributes to improve the day to day, the infrastructure and services available.

It has excellent accessibility and communication routes, such as a good bus, train and motorway network, connecting you with the center of Porto.

It is the perfect location for those who love the rhythm of the city and at the same time seek to enjoy the benefits of living in a residential area.

Within a radius of 3 kilometres you will find everything you need for your daily life: supermarkets, educational and sports centers (municipal swimming pool, football school, tennis club, etc.), banks, medical centers, pharmacies, veterinary clinics, leisure and dining areas, etc., not forgetting that Porto is only 11 minutes away by train.

The City Concept Evolution building has an urban and minimalist style.
Materials such as glass and white tones give a lot of luminosity to the set.

Large windows and terraces, as well as their orientation, allow natural light to enter all major rooms.
Spacious areas and clean designs, attribute harmony and serenity to the housing complex.
