Ksaver Center, office space and 8 GPM

Commercial space in the middle Roh-Bau phase with a total area of 218 m2 is located in the Ksaver Residential and Commercial Center, which was built in 1992.

It consists of a hallway, one large room that can be partitioned according to needs, two separate rooms, two sanitary facilities, and three smaller rooms. In addition to the business premises, 8 garage parking spaces are also for sale.

The space is located in the central part of the residential and commercial center in the best location. Before moving in, an adaptation must be made, after which the space can be adapted for various purposes.

Access to the office space is direct from the shopping center, and the pedestrian exit from the garage is located right next to the entrance to the office space.

Several state agencies and ministries are located inside the Ksaver Center, and for this reason the Ksaver Center is under 24-hour surveillance.

Apart from having its own garage, the residential shopping center Ksaver is located in the tram zone, and the station is located across the street from the shopping center.
