Pinars de Murada Deluxe has a design that combines functionality and modern-style architecture with the warmth of traditional Majorcan homes. A design in which natural light and the carefully chosen materials take centre stage, where the play of volumes generates double heights and attractive visual connections between spaces. A place where you can enjoy the fantastic Majorcan climate thanks to large scale windows, no differences in level, and outdoor structures that seem to prolong the indoor space, where the limits between inside/outside are skillfully combined. All this makes these villas and apartments something special and different. A whole new experience!
