ABOUT THE AREA

Fenestrelle is a charming mountain village located in the province of Turin, Italy. Nestled amidst the breathtaking scenery of the Cottian Alps, Fenestrelle offers a peaceful and idyllic retreat for nature lovers and history enthusiasts. The village is known for its impressive fortress, the Forte di Fenestrelle, which is one of the largest military fortifications in Europe. The fortress dates back to the 17th century and offers

guided tours that provide a fascinating glimpse into its history and architecture.

Fenestrelle is also a popular destination for outdoor activities. The surrounding mountains offer opportunities for hiking, biking, and skiing. Visitors can explore the scenic trails, enjoy the fresh mountain air, and admire the stunning panoramic views. With its friendly locals, delicious cuisine, and affordable cost of living, Fenestrelle is an ideal destination for those seeking a peaceful and authentic Italian experience.

Situated at an altitude of over a thousand metres, on both banks of the Chisone torrent, Fenestrelle is the ideal starting point for walks and hikes to discover the beautiful surrounding landscape, in particular towards the Assietta hill, Pra Catinat and Mount Albergian. The history of this village is linked to the presence in the area, from the 12th century, of a Waldensian community, which lived here until the revocation of the Edict of Nantes in 1685, a moment that marked the end of Protestants' freedom of worship. During this period, the Jesuit convent and the Church of San Luigi were built and, still linked to this policy of Catholicisation, the village fort was built: a jewel of military architecture, it was built to prevent Protestants from entering the valleys.
