### Descrizione:

This lovingly renovated semi-detached house is situated in an absolutely quiet location in the trendy Reiherstieg neighbourhood in Hamburg Wilhelmsburg. The entire house was completely renovated three years ago using only organic building materials and with an eye for detail. On the ground floor there is a spacious living and dining area with an open-plan kitchen, a guest room or study and a small bathroom with shower. Upstairs there is a bedroom with a double bed, a further room (a children's room with two children's beds), a dressing area and a spacious bathroom with a shower, double washbasin and bathtub. The large terrace and the huge garden invite you to relax, barbecue and sunbathe. Children will find several swings, a sandpit, a trampoline and plenty of space to run around. A real oasis in the centre of the city. There is space for cars and bicycles on two parking spaces and in the garage. The house also has a converted attic, which is currently used as an office. The entire house has a basement with plenty of space for storage and a large laundry room with washing machine and tumble dryer. Families can use many of the toys in the house and garden. For tenants without children, these can be stored.
