Descrizione:	

This lovely 5 bedroom townhouse in Alcaudete, in the Jaen province of Andalusia, Spain has recently been renovated, is ready to move into and become your new home or holiday property. Connected to the left side of the property is a good-sized garage, a roof terrace could be made on top of this, with an access via the upstairs hallway, it would have great views of the castle, church and surroundings. As you enter the property, there is a sizeable living area with a dining room off to the left, and there is a large, fully fitted kitchen just off the back of the dining room. Heading back to the living room and to the rear of the property, there is another room that gives access to a fully equipped bathroom and opens onto a good size, private patio. On the patio, there is a covered space for doing laundry and an inside winter living room with a large fireplace, above this a metal staircase leads up to a storage room. Heading back to the main living area at the front of the property we head upstairs. There you will find 5 separate bedrooms, each room with its own window, the smaller room at the top of the stairs could easily become a bathroom as the laundry area is just below. The two front rooms look across to the castle and at the end of the corridor, a doorway could be made to access for that possible roof terrace. This is a great, solid property with a new roof located on the outskirts of town.
