in the stunning seaside area of Soutrali in Agria, just 200 meters from the beach and only ten minutes from the center of Volos, an impressive maisonette with a total surface of 430 sq.m. is exclusively available. Built on a 1,100 sq.m. plot, this property was designed from the ground up as a primary residence and offers all the amenities required for a comfortable everyday life.

The residence is spread over three levels: basement, ground floor, and first floor. in the basement, there is a fully arranged independent studio with its own private entrance, capable of accommodating up to three people. The same level also includes a closed garage and a boiler room.

On the ground floor, you'll find a spacious living and dining area with a fireplace, a separate kitchen, a bathroom, a pantry, and a bright office space that can easily be adapted to meet the needs of a family.

The first floor features five comfortable bedrooms, two bathrooms, and a storage room. All rooms benefit from excellent natural light and ventilation, while the large verandas on both levels offer privacy and comfort. The house's layout ensures unobstructed views and a sense of openness from every angle.

The exterior areas of the property are equally impressive. At the back, the well-maintained and lush garden creates a serene atmosphere ideal for relaxation, while the BBQ area is perfect for entertaining family and friends. The front of the house features a beautifully landscaped yard with flowers and a wide entrance capable of accommodating up to five vehicles.

The house is equipped with individual heating (radiators), energy class D, a fireplace, air conditioning units, double-glazed windows, wooden frames, a solar water heater, boiler, tiled roof, and built-in wardrobes. The flooring is a combination of wood and ceramic tile, blending warmth with functionality.

The location is truly exceptional, situated in one of Agrigò's most charming neighborhoods, just a few minutes' walk from the beach and with easy access to shops, schools, and public transport. This is a rare opportunity, ideal both for families seeking a permanent home close to nature and the sea, and for investors looking for a property with strong tourism potential.
