Introducing The Sunset model at Na.Umi Seaside Residences - Building 3, a luxurious 2-bedroom plus flex floorplan that captures the essence of modern coastal living. Located in the hillside enclave of the Pacifico master-planned community in Playas del Coco, these residences are thoughtfully designed to emphasize space, natural light, and panoramic ocean views. Each Sunset home includes 1,211 square feet of interior space and a private balcony ranging from 170 to 822 square feet. The outdoor living spaces are

perfectly positioned to face northwest or southwest, offering daily displays of ocean sunsets and gentle sea breezes.

Interiors are thoughtfully laid out with open-concept kitchens, dining, and living areas that flow seamlessly together. Oversized glass doors invite in the views and create a breezy, light-filled atmosphere. The added flex space offers room for a home office, art studio, or guest sleeping area, allowing the home to adapt to your lifestyle needs. Finishes include clean architectural lines, neutral color palettes, and high ceilings that reflect the sophistication of modern tropical design.

The Sunset units in Building 3 are currently under construction, with delivery expected in 2025. Prices range from \$600,900 USD to \$630,900 USD, depending on the unit's floor and view orientation. Optional furniture packages are available to create a turnkey move-in experience. As with all Na.Umi residences, ownership includes access to two resort pools, shaded lounges, a fitness center, walking trails, and exclusive Beach Club and Nimbu Boat Club memberships. Building amenities include elevator service, underground parking, and 24/7 gated security.
