We propose an urban plot with a project for the construction of 6 homes. The building permit application has already been submitted, allowing for a swift and secure execution. Located in one of the fastest-growing areas of the Costa del Sol, this project is an excellent opportunity for those seeking profitability and appreciation in value in the short and medium term.

The architectural design is modern and elegant, with clean lines and large glass surfaces that provide light and a connection with the surroundings. The one- and two-bedroom homes feature private terraces, integrated shading elements, and a layout designed for comfort, making them an ideal product for both the residential and holiday markets. The proximity to the sea and all amenities reinforces the attractiveness of the complex, ensuring high commercial interest from the early stages.

A proposal designed for investors seeking security, visibility, and differentiation in a rapidly expanding market.
