This is a house whose construction dates back to the time when the Royal Convent of Mafra was built. The last records found of this property date back to the mid-18th century (between 1827 and 1851). Given its proximity to the Convent (it's 200 meters from it), the property is located in the Special Protection Zone (ZEP) of the Convent and Basilica of Mafra / National Palace of Mafra (National Monument) and Urban Rehabilitation Area (ARU – therefore IVA at 6%).

The house is habitable, if you don't want to build it. However, the target audience for this advertise is someone who intends to proceed with the construction of a new home.

We don't want to be bothered by real estate agents, so please don't contact us.
