We offer a studio in a new boutique complex on the first line of the sea. There is a warehouse attached to the apartment, and it is possible to buy a garage.

The residential complex "Azure Coast" is located just a few steps from the central beach of the resort town of Chernomorets, in the picturesque area of Acre, the community of Sozopol. This is a place where fresh sea air, mild climate and modern architecture create ideal conditions for living and relaxing by the sea.

Chernomorets has gradually become one of the most attractive destinations on the Bulgarian coast. The city is actively developing, while maintaining the comfort and atmosphere of seaside tranquility. New houses, well-maintained streets, cafes and recreation areas make it comfortable for year-round living and

family vacations.

Azure Coast is a modern four—storey building with semi-underground and basement levels. The architecture of the complex is decorated in bright, harmonious colors, and the facade emphasizes elegance and proximity to the sea. The building has three separate entrances and carefully thought-out layouts that ensure the convenience and functionality of each apartment.

Energy-efficient materials and modern technologies are used in construction, which guarantees high quality, durability and excellent sound insulation.

The main advantage of the complex is its location. The beach is only about 50 meters away, and there are cozy restaurants, shops, a promenade and entertainment venues nearby.

The Cote d'Azur is the epitome of modern seaside style, a combination of comfort, nature and harmony. It is an ideal option both for your own vacation and for profitable investments in real estate by the sea
