Descrizione:

The apartment is located on the second floor of a newly constructed building, with a total area of 98.37 m² and a superior room layout. It is situated in a peaceful, green area of the city, just a few minutes' drive from the city center, and offers a beautiful sea view. The apartment consists of a spacious living room connected to the kitchen and dining area, a storage room, a bathroom, and three comfortable bedrooms. The master bedroom includes its own private bathroom, providing additional comfort and privacy. In addition to the interior space, the apartment offers 65.15 m² of outdoor space and an impressive rooftop terrace of 79.96 m² - a perfect place to relax and enjoy privacy. A special feature of the property is the heated swimming pool of 17.76 m², as well as three parking spaces with an electric vehicle charging station. The building is equipped with a highly efficient heating and cooling system. The thermal façade and underfloor heating ensure a pleasant temperature throughout the year, while the heat pump with a hot water tank provides energy efficiency and savings. Cooling is achieved with an A+++ rated system, allowing individual temperature control in each room. The apartment features high-quality carpentry from renowned manufacturers, and future owners have the option to participate in the interior design and customize it according to their own preferences and style.
