Posizione

Nazione: Portugal
Stato / Regione / Provincia: Faro
Città: Almancil
Indirizzo: Almancil
Pubblicato: 08/01/2026

Descrizione:

Located in Almancil, this property offers a well-balanced opportunity for both private buyers and investors, set on a plot of just over 4,000 m² within walking distance of cafés, supermarkets, restaurants, and local services. The land includes an existing house of approximately 62 m² and benefits from an approved project, allowing a clear and efficient path towards development.

The approved project provides for the construction of a 200 m² villa comprising three bedrooms, a garage, and a swimming pool. There is also scope to revise the project and increase the construction area up to 300 m², subject to licensing, offering flexibility to adjust the layout, scale, or specification to suit market demand or personal requirements.

From an infrastructure perspective, the property is well prepared, featuring a licensed borehole with a depth of 150 metres, a water tank, and an irrigation system covering the entire plot. The land is further enhanced by a variety of mature trees, creating a natural setting that supports both immediate enjoyment and long-term value.

With its generous plot size, approved construction parameters, water infrastructure, and central Almancil location, this property is well suited for the development of a quality private residence or as a strategic investment opportunity. The combination of convenience, privacy, and development flexibility makes it a compelling option in today's Algarve market.

Features and fittings mentioned are subject to agreement and verification between the vendor and the buyer. EPC: N/A as construction is prior to D.L. n.º 166/70
