We present a truly exceptional opportunity on Pico Island: an urban plot measuring 1,201 m², located in Caminho de Cima, Ribeiras parish, municipality of Lajes do Pico — one of the most authentic, peaceful, and sought-after areas along the island's southern coast.

Outstanding Building Potential

Situated within a designated urban consolidation area, the property offers excellent development capacity, allowing up to 650 m² of footprint and the construction of two floors, enabling a total gross building area of up to 1,300 m².
