Cap:	3240
Pubblicato:	18/03/2026

Descrizione:

A bright and cozy two-room apartment is for sale in the new residential project “Amber Park.” The apartment features a well-thought-out open-plan layout: a living room combined with a kitchen, a spacious bedroom, a corridor, and a bathroom. The property has official apartment status.

The apartment is offered with full, high-quality interior finishing. The panoramic windows in the living room face southwest, providing plenty of natural light. The bathroom is equipped with Hansgrohe and Laufen sanitary ware, as well as underfloor heating.

The modern three-story residential building of the “Amber Park” project blends harmoniously into a quiet and well-maintained private housing area near the Lielupe River. The project includes a spacious green area, a children’s playground, and 24-hour video surveillance.

This is an excellent choice for those who appreciate peace and surrounding nature, as well as convenient access to urban infrastructure. Within a few minutes’ drive are the sea, Dzintari Concert Hall, Jomas Street, and Dzintari Forest Park.

Additionally, it is possible to purchase a parking space (with an option to install an electric vehicle charging station if needed).

The project offers 2–4 room apartments with various layouts. Some apartments include balconies, terraces, and private green areas.
