Descrizione:

Located in the prestigious Benissa Costa, this detached villa offers a well-balanced combination of space, privacy and proximity to the coastline, just a short distance from local coves and amenities.

Set on a 734 m² plot with a built area of approximately 213 m², the property is distributed over multiple levels and designed to maximise both indoor and outdoor living.

The main living area comprises a bright and spacious lounge, a functional kitchen, and well-proportioned bedrooms, offering comfortable accommodation for both permanent living and holiday use. The layout allows for flexible use of space, including the possibility of hosting guests or creating separate zones within the home.

Externally, the villa benefits from a private swimming pool and surrounding terraces, providing multiple areas for relaxation and entertaining. The outdoor space is designed to take advantage of the Mediterranean climate, with open areas as well as shaded zones for year-round use.

The property also includes additional space that can be adapted as guest accommodation, increasing its appeal for family use or rental potential. The plot offers privacy while remaining within a well-established residential environment.

Buenavista is one of the most sought-after areas of Benissa Costa, known for its proximity to the sea and easy access to nearby towns such as Moraira and Calpe, both offering a wide range of restaurants, beaches and services.

This property represents a strong opportunity to acquire a villa in Benissa Costa with private pool and flexible living space, ideal as a primary residence, second home, or investment in one of the Costa Blanca's most desirable coastal locations.
