This beautiful family house is located in the village of Muline on the island of Ugljan, surrounded by olive trees, flowers and Mediterranean vegetation. It was built on a plot of land with a total area of 573 m<sup>2</sup> and is situated in a quieter, less densely populated part of the village, providing a pleasant atmosphere for everyday living, relaxation and outdoor enjoyment.

The house comprises a ground floor and first floor with a total living area of 199 m<sup>2</sup>. The ground floor covers 87 m<sup>2</sup>, while the first floor offers a gross living area of 112 m<sup>2</sup>.

The ground floor is designed as a large open-plan space, with separate areas intended for a kitchen, WC, utility room and storage. It is currently partially finished. It is important to note that the ground floor also includes a large water storage tank (cistern) with an approximate area of 35 m<sup>2</sup>.

An external staircase leads to the first floor, which consists of a kitchen, a spacious living room with dining area, two bedrooms and a bathroom. Both the kitchen and living room have access to a large terrace offering beautiful sea views and stunning sunsets.

Within the courtyard there is also an auxiliary building – a 20 m<sup>2</sup> storage room, suitable for use as a workshop, storage facility or additional space according to the future owner's needs. In addition, there is a covered terrace with a built-in barbecue, ideal for social gatherings and outdoor living throughout most of the year.

Parking space is provided within the courtyard. The house is located only 400 metres from the sea and
