Descrizione:

Exceptional Modern Villa with Panoramic Sea Views Between Moraira and Calpe

This exceptional villa project will enjoy a privileged south-east facing position with spectacular sea views stretching from Moraira to the famous Peñón de Ifach in Calpe. Designed by a respected architect to maximise the use of the plot and surrounding scenery, the villa will be arranged over four thoughtfully planned levels — all connected by an internal lift and staircase.

At street level, a convenient parking area welcomes you, with an external staircase leading down to the entrance terrace. There's also an option to install a lift from this level for added comfort. The entrance level is set beside a generous flat terrace, creating an inviting approach to the home.

On the top floor, you'll find two elegant bedrooms, each with its own en-suite bathroom and beautiful views. The lower floor offers two further spacious bedrooms, including a luxurious master suite with direct access to a charming private garden and a covered terrace. This floor also houses a practical laundry room and technical room.

The heart of the home lies on the basement level, where a bright open-plan living and dining area flows seamlessly into a sleek, modern kitchen complete with a central island. Large sliding glass doors frame the stunning sea views and open onto an expansive terrace with landscaped gardens, a private infinity pool, and a barbecue area - perfect for entertaining and enjoying the Mediterranean lifestyle.

Situated between the sought-after towns of Moraira and Calpe, this villa offers both luxury and location in one of the northern Costa Blanca's most prestigious residential areas.
