DETACHED HOUSE ON A 783 m² PLOT BUILT IN 2011

A 3-bedroom house, one of which is on the ground floor. This house has a gross floor area of 231.70 m², a gross private area of 181.76 m² and a gross ancillary area of 49.94 m².

Immediately beyond the charming covered entrance, we are greeted by the spacious entrance hall, which welcomes us with its excellent natural light and provides access to the various rooms.

(To get a clear idea of the houses layout, please see the photos; we have included floor plans and even a photograph showing the areas of each room).

We would highlight a number of features of the property, such as the advantage of the garage being on the ground floor with direct access to the house, without the need to climb stairs or go outside.

Also worth noting are the generous sizes of all rooms without exception: two excellent en-suite bedrooms with private balconies on the first floor and a bedroom on the ground floor, all over 15 m², with fitted wardrobes and air conditioning. The three bathrooms have large windows that allow you to enjoy both natural light and excellent ventilation.

And because were in a place where most days are sunny, we simply must highlight the excellent terrace on the first floor; this is where youll likely enjoy many sunsets.

The kitchen is another highlight of this property; it is not just its generous size, but also its access to the outdoor space, the dining room and, from there, the living room.

In addition to all these advantages, there are many others waiting for you to discover.

A location with excellent access, between Albufeira and Vilamoura.

* 10 minutes to Albufeira

* 15 minutes to Vilamoura Marina and golf
