A real fixer-upper, but the roof has already been replaced, which saves a lot of work and money.

See the photos. The house could use a lot of work, but there's definitely still room for improvement. Inside, there's a hallway, a living room, a bedroom, a kitchen, a bathroom, and a storage room.

The plot is 1,818 m².

Water and electricity are available. For drainage there is a septic tank. The house is centrally heated with a wood-burning stove.

Telephone and Internet are no problem. Mobile phone only through Vodafone.

The house is located in a quiet street of the village of Ibafa. A village in the southwest. Near the village is a large pond where you can fish.

The village has a population of 200-250 people and it is located 18 km from the town of Szigetvár where you can do all major shopping. Go to a terrace or eat out and here you can also go to the (thermal) bath.

The large city of Pécs is a 30 minute by car away. Orfű is 20 km from Ibafa. Known for the lakes and wonderful water fun here in the summer months.

A real fixer-upper with potential.
