- 7 villas of approx. 37.3 sqm

The leasehold land is paid for 30 years with approx. 28 years remaining, plus a stated route to a further 25-year extension. The PBG is issued, project documentation is available, approvals are stated as signed, the site is prepared, and the existing foundation is laboratory certified. Approx. 24% of the original hotel construction scope is reported complete.

The project consultant has confirmed the villa route can proceed within the current approval pathway,

with SLF conversion and final adjustments during construction, subject to independent verification.

- Fixed price: USD 1,700,000
- Completion: up to 10 months from first payment
- Funding can follow verified construction milestones
- Leasehold acquisition; no freehold transfer is advertised
- Pre-opening project; no current operating revenue is claimed

Qualified buyers can review the master plan, layouts, land and approval materials, foundation records and current-site media. Concept drawings show the proposed layout; drone photos show the current site.
