Omschrijving:	

Plot of land for construction, located in the central area of Ferreiras, Albufeira, within walking distance of supermarkets, pharmacies, banks, bars, restaurant and other shops and services.

Completely flat and with easy access, the land has a project, in the final stage of approval, for the construction of 10 townhouses, 2 of which are T4 and the remaining 8 are T3.

After approval of the project, there is the possibility of dividing the land in two, leaving the project land with 3,750m² and the other land with 12,140m², and it is foreseeable that this land, currently in Agricultural Reserve, will become urban and, thus, possible to build on it.
