Omschrijving:	

A property with a lot of potential, close to the town of Moraira.

This is a converted office building consisting of one three bedroom flat and three two bedroom flats.

Two of the flats need to be reformed but, two are already reformed and have been used for rental clients. The building sits on a plot of 1200m2 and in front is a plot of 1000m2 which has had permission for separation from the original plot but, is being sold together. Good investment/project.

Externally there is a large parking area with plenty of space for approximately 10 cars and there is an established garden area.

The first flats to the right of the building have a large American style kitchen with a spacious living area and air conditioning unit. There are two bedrooms, one of them with en suite bathroom, as well as a family bathroom. One of the bedrooms is currently used as a dressing room.

The second flat offers a spacious living area with fireplace, ceiling fan and open plan U-shaped kitchen. There are two bedrooms and a good sized bathroom.

The third flat is currently used as an office and will need to be renovated. One bedroom is used as storage and the kitchen is fairly new. An air conditioning unit has already been installed and it would not take too much work to make it a good living space again.

The fourth flat, which requires renovation, has a fireplace and an air conditioning unit. Most of the work required will be re-plastering the walls and an en-suite bathroom will need to be renovated. There are many possibilities with this property and the adjacent land, an investment opportunity not to be missed.
