Omschrijving:

An architectural design has been created for plot 6, which will serve as a base for each design but can be altered personal requirements of the buyer and the dimensions of the chosen plot. The design pays tribute to the Moorish history of Silves and is designed to fit seamlessly into the landscape, with natural tones and lines that complement the surroundings.

The villa is spread over 2 floors and features an open plan kitchen, dining, and lounge area, a designated office space, 4 bedrooms with en-suite bathrooms. The living area opens out onto a large terrace with an outdoor dining and lounge area and an infinity pool. Each bedroom also has its own private terrace. These villas are truly unique, offering a combination of luxury and indoor outdoor lifestyle.

The project sits just 25 minutes from the beaches and 45 minutes from the airport and only half hour drive from the international school. It is a safe and nurturing environment for families with children or peacefully and quiet retreat for retirement.

Each villa takes approximately 18-24 months from start to finish, including design, approvals and construction.
