ABOUT THE AREA

Dubai Hills Estate is a mixed-use development incorporating several unique neighbourhoods, built around a prestigious 18-hole championship golf course. This city-within-a-city concept boasts landscaped parks and gardens, connected by leafy walkways and nature trails. Each community has its own unique character.

Park Point provides opportunities for apartment living, while Sidra has a choice of villas. Dubai Hills is a gated community offering exclusive villas in a choice of architectural styles, giving owners the chance to design their own luxurious homes. (Not literally of course, this sort of thing is best left to the professionals.)

Living in Dubai Hills Estate gives you space and an abundance of greenery, which make this a popular choice for families. The project was built for sustainable living and includes recreational facilities, play areas to keep kids entertained, shops, cafes and restaurants. The development will encompass hotels, a hospital and a business park

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks.
