Omschrijving:

It is a plot that has 3,376m² with a private access road that descends a good slope of 72x8m. Below we have a perfect square of 2,804m² (53.3 x 52.3 m) with great privacy and a good mass of trees (mimosas). The south orientation is perfect throughout the plot, which is also very flat. It has a slight view of the sea on clear days, from some places on the plot. If we raised the house, that view of the sea could be more evident. Walking distance to the international school of Sotogrande (approx. 500m). We think that with a very high level of neighbors and new houses on the street, the 844 m² of housing + garages that the regulations allow us, the excellent privacy, an interesting project can be achieved.
