ABOUT THE AREA

Crete is the largest and most populous of the Greek islands, the 88th largest island in the world and the fifth largest island in the Mediterranean Sea, after Sicily, Sardinia, Cyprus, and Corsica. Crete rests about 160 km south of the Greek mainland and about 100 km southwest of Anatolia.

The largest island in Greece, Crete is renowned for its pin-up beaches, wild natural beauty, exquisite cuisine and thousands of years of culture and history

As Crete's most celebrated author, Nikos Kazantzakis (of Zorba the Greek fame), once wrote: 'The mystery of Crete runs deep. Whoever sets foot on this island senses a mysterious force coursing warmly and beneficently through their veins, sensing their soul beginning to grow.' Unsurprisingly, this mystical, pure and generous island to the south of the Aegean Sea captures the spirit of Greece and enchants everyone who visits.

Heraklion, Rethymno, Chania, Agios Nikolaos, Elounda, Ierapetra, Malia, Hersonissos, Sitia, Sfakia... wherever you visit, it's an island of thousands of vibrant images, filled with an open-hearted and vivacious spirit, rich history, world-famous cuisine and hospitable people.
