Dominican Republic Oceanfront Property

This oceanfront property is right at the 'Piscina Natural' in Rio San Juan and embraces the laid-back charm and natural beauty of its surroundings. Nestled along the lush northern coast of the Dominican Republic, the house features a warm, tropical design with open spaces that blur the boundaries between indoors and outdoors.

The home was built with natural materials, such as stone and wood, blending seamlessly into the verdant environment. A terrace overlooks the crystal-clear waters of the 'Piscina Natural'. Perfect for enjoying the gentle sea breeze. Vibrant tropical plants, such as hibiscus, bougainvillea, and palm trees, line the property, adding bursts of color and shade.

Inside, the home boasts 4 spacious bedrooms, with large windows and sliding doors that frame the serene landscape. The 5th bedroom is situated in a wooden guest house near the ocean. The white and light-colored walls keep the space cool and bright, complemented by locally crafted furniture. A central living area flows into an open kitchen with a large dining table, ideal for gathering after a day of swimming or exploring.

A patio with lounge chairs, a hammock, and a grill for barbecues provide a relaxing retreat. Steps leading down to the natural pool could give the family direct access to the refreshing waters.

This idyllic family home combines simplicity with comfort, offering a peaceful haven in the heart of one of the Dominican Republic's most stunning natural attractions.
