Rio San Juan House with Uninterrupted Views

This Rio San Juan House is built on a mountaintop with the most breathtaking views you can imagine. A feeling of being elevated in the clouds. With the best view on the north coast, the property is located in a cul de sac in a secure, gated community.

This property was designed by a French architect in the French Mediterranean style. The design has a central main tower containing the living-dining area and the modern, totally equipped kitchen. It is very open, light, and airy with endless ocean views.

On either side are smaller towers where the spacious sleeping areas are located. These two towers are connected to the main tower by wooden bridges. These two master bedrooms are completely independent and boast their terraces.

Outside there is a stunning infinity pool and ample terraces for relaxing and enjoying the views or entertaining; a permanent barbeque and outdoor kitchen area make this simple. The infinity pool has amazing views and a toboggan corkscrew slide.

There are natural sloping gardens, stunning mountain and ocean views, and solar energy.

The Rio San Juan House features 5 bedrooms and 5 bathrooms. The total size of the house is 350m2 built on a lot of 2.304m2

There are avocado, mango, and orange trees growing on the property, as well as cashews and bananas.
