The last activity carried out was the cutting and packaging of meat products for distribution to the hospitality industry. The warehouse has ****four cold rooms (0-5°C)****, the main one with a capacity for 30 pallets, and the rest at the service of the slicing clean room. In addition, it has an additional area for 40 pallets, ready to be equipped with a cooling system if desired.

On the ground floor, it has two changing rooms with bathroom and shower, a separate toilet, a 35 m² direct sales area to the street and a large order preparation warehouse. On the upper floor, there is a 35 m² office and several rooms dedicated to processing, washing, packaging and other processes.
