Gorski Kotar, Stari Laz

5 luxurious well-established mountain villas within the company, built in 2023, are for sale.

Each detached villa has a surface area of 97.74m² and is spread over two floors and is located on a plot of land of 480-650m².

The villas consist of an entrance hall, living room with dining room, kitchen, pantry, wardrobe and toilet on the lower floor, while on the upper floor there are two bedrooms with private bathrooms.

Modern and luxuriously built and fully equipped, they boast a sauna, a jacuzzi, underfloor heating with heat pumps throughout the entire surface, and quality carpentry.

They are located in the paradise of mountainous Croatia, in a wonderful location, surrounded by snow and mountain tourism in winter, and beautiful pure nature in summer.

An ideal opportunity for investment, considering that each villa is rented for most of the year and has already been used as a tourist rental.

They all have a solution about categorization.
