Joppolo View III is a small development with communal swimming pool and top-quality finishing

Once completed the development will be gated and surrounded by manicured gardens.

Every unit will have a sea view, including the swimming pool area, from which it is possible to see the Aeolian Islands and the Stromboli Volcano.

Joppolo is a little town situated south of Tropea promontory and boasts a stunning view of the bay up to the Sicilian islands.

It is located 30 km southwest of Lamezia Airport, half an hour from Tropea and 15 minutes from Capo Vaticano. Charming nearby villages are Caroniti and Nicotera just to say a few.

The new marina of Joppolo is just 600 metres away.

It is a small town but 'open' all year round with all main services. Located near natural cliffs, its sea is rich and a perfect oasis for diving and snorkeling lovers. It is also an ideal resort for a quiet and relaxing holiday, a time for sea promenades and unforgettable sunsets.
