Neighborhood Development: Danubiana Project

The Danubiana neighborhood represents a significant initiative from the local administration of Popești-Leordeni. A crucial step in this project was the acquisition of approximately 2 hectares of land from SC Danubiana SA, which includes not only the neighborhood itself but also essential infrastructure such as access roads, green spaces, yards, and installations for water supply and sewage.

Additionally, the project aims to include educational institutions, restaurants, and public transportation options, enhancing the quality of life for residents and making the area more attractive for businesses and families alike.

This industrial hall offers a promising investment opportunity in a rapidly developing area with substantial growth potential. Don't miss your chance to secure a functional space in a thriving location!
