Locatie

Aanbevolen Auto Onderdelen:	Spain
Staat/Regio/Pronvincie:	Andalusia
Plaats:	Mijas
Geplaatst:	27-07-2024
Omschrijving:	

Ideally located right next to El Chaparral Golf Course, a few metres from the beach of the same name, and very close to the lively and bustling village of La Cala de Mijas and the historic centre of Fuengirola. A great place to enjoy the spirit of the Costa del Sol to the full. The adjacent golf course is just one of over 70 golf courses dotted along the Costa del Sol, where you and your friends can spend long days enjoying your favourite sport. International schools, health centres and a wide variety of attractive shopping options only serve to enhance the reputation of this solidly established and sought after area. Just 20 minutes away is the vibrant and sophisticated city of Marbella, offering everything you could possibly need for enjoying the authentic Mediterranean lifestyle.

Each of the 80 Homes seeks to provide a perfect blend of design and comfort. Communal areas and spacious home interiors have been designed to make the most of ample natural light, and to offer an exceptionally attractive product that is hard to match.

Your new home will become your special place in the world. Spacious living areas have been designed with great attention to detail. Picture windows, large-format porcelain floor tiles and the orientation of the house allow for maximum use of natural light at any time of day. Not to mention magnificent terraces where you can enjoy stunning sunsets.

Kitchens have been designed as an integral part of the living area to create a bright and spacious living space for all-day use. Specifications reflect the quality you would expect from such a high-quality project, with quartz countertops, fitted appliances and integra-ted LED lights to provide warmth and sophistication. In the bathrooms the elegance of large-format porcelain tiles reflects our overall commitment to quality and design.

All this while never losing sight of functionality, low energy consumption and specifications that meet the criteria that are an integral part of this development: sustainability, practicality and comfort.
