NESSEBAR HOUSE COMPLEX

Nessebar Houses — a contemporary home by the sea

Nessebar Houses is a modern gated complex, designed for those who dream of:

Tranquility and comfort

A perfect summer holiday

secure and cozy family environment

A private home near the sea

The concept behind the project aims to achieve the ideal balance between guaranteed personal space, modern comfort, and security.

A location that offers everything:

The complex is situated within a renovated green park, in a quiet area, away from tourist crowds, yet with:

Fast access to Nessebar, Sunny Beach, and Ravda

Walking distance to key beaches:

Only 170 m from the shoreline!

200 m from the Rich Beach

200 m from the NSA Beach

300 m from the Akademika and Silent Bay Beaches

500 m from the Nessebar's South Central Beach

Second sea line

Independent houses with a homely feel

Each house is:

Single-family and fully detached

With a private landscaped yard

With a functional and practical layout

Maximally utilizing natural daylight

Floor height – H=300 cm

Built with high-quality materials

Parking space for 2 vehicles in each yard

High construction standards

Designed and executed with the latest technologies, the houses offer:

Strict investor control

Execution with attention to detail

Excellent energy efficiency

Low heating and cooling costs

Developed infrastructure and access

Fully built infrastructure:

Asphalted roads

Sidewalks and street lighting

Public transport nearby (150 m)

Internal roads with access to each house

Security and independence

The access system includes:

Video surveillance of the common entrance/exit areas for each owner

Internet module for remote control of access via individual access code for each owner

The modern security and access control system allows for complete independence from maintenance fees

•✘ NO MAINTENANCE FEE!
