Omschrijving:

69 m² Industrial Pavilion – Oiã Industrial Zone
Oliveira do Bairro – Aveiro

Setting

Located in the prestigious Oiã Industrial Zone, renowned for its high demand and diversity of activities, this pavilion combines functional versatility with excellent logistical access.

Just 2 minutes from the A1 (Aveiro Sul junction) and with quick connections to the A25, A17 and IC2/EN1, it ensures easy travel to major urban centres and national and international logistics corridors. Its proximity to the Port of Aveiro reinforces its potential for companies involved in export and import, as well as for logistics operators.

Value for Investors

- Attractive profitability: versatile layout, high ceilings and several access gates allow for tenants from logistics, storage or light industry, ensuring stable occupancy and competitive returns.
- Functional layout: 465 m² of industrial space (14.5 m × 20 m open-space), isolated compartment measuring 10 m × 5 m and changing rooms/WC area. Spaces are easy to reconfigure, reducing adaptation costs.
- Appreciation potential: scarcity of industrial supply in the region and growing demand drive the appreciation of the asset in the medium term.

Value for Direct Use

- Ready to operate: industrial floor, prepared for forklifts and pallet trucks; two operational overhead

cranes (5 t and 3 t), ideal for moving heavy loads.

- Equipped administrative area: on the 1st floor, 24 m² air-conditioned office with private WC and view of the industrial warehouse; 55 m² archive/storage room with natural light and windows, easily adaptable for use as a meeting room, training room or office extension.
- Patio and access: 495 m² outdoor space suitable for manoeuvring trucks and efficient loading/unloading.
