North Bay

North Bay is a tranquil haven where life is a never-ending stream of interesting experiences rather than just a place to live. Every resident lives an idyllic lifestyle in this prime location, where they are surrounded by priceless moments.

The opulent open lagoon living concept of North Bay is what draws people to this brand-new neighborhood. The houses face out onto a large lagoon that flows into the ocean.

An internationally recognized architectural firm called Legorreta was handpicked to bring North Bay's vision to life. Founded in 1965 and headquartered in Mexico City, Legorreta has won numerous internationally recognized awards for its projects.

The gathering place for the astute community to exchange life-improving experiences is a public pavilion.
