Omschrijving:

If there's one feature that subtly stands out from Germassoyia Bayside 2, its the understated elegance of the development. This is one of those developments that appeals to those looking for something that little bit extra, that added sense of ease. As its built on a hill, Germassoyia Bayside 2 offers breathtaking views of the southern sea of Cyprus, while its close proximity to the vibrant city of Limassol means that should you need a bit of stimulation every now and then, you'll have access to some of Cyprus best restaurants, entertainment venues, shopping and sports facilities. If you prefer something a little more picturesque, you're only within fifteen minutes of some of the prettiest villages and established wineries on the island. The village of Germassoyia itself simply adds to the charm, with its host of authentic tavernas, bars, coffee shop and a strong sense of local community.
