We offer an exclusive 1-bedroom apartment in Smokinite 3, a new residential project in the modern Horizon quarter in Burgas, near Izgrev. The area is actively developing, and large shopping facilities, supermarkets and convenient transport lines are already concentrated here. In the coming years, this area will become one of the most dynamic centers of the city.

The complex includes four sections of nine floors each and offers 251 apartments of various layouts – from cozy studios and functional two-bedroom apartments to spacious three-bedroom apartments. All buildings are equipped with modern elevators, and the apartments are distinguished by their regular shapes and bright interiors.

The territory of the complex creates conditions for a comfortable life. Residents will have access to green areas for recreation, children's and sports grounds, outdoor fitness, gazebos and even a charging station for electric vehicles. There will be a shop, pharmacy, beauty salon, gym and courier center inside the complex.

Parking is organized conveniently and in sufficient volume: garages, underground and outdoor parking

spaces are provided. The architecture is designed in soothing natural tones, and energy-efficient materials of European quality are used for construction.

Smokinite 3 is a combination of convenient location, modern infrastructure and thoughtful design, which makes the project an excellent solution for living or investing in Burgas.
