New 2 Bedroom Apartment in the Heart of Porto Quality, Comfort and Privileged Location

Located on Rua Coutinho de Azevedo, this new build T2 is the ideal choice for those looking for a modern, functional home with quality finishes in the center of the city of Porto.

Porto is a vibrant city, where tradition and modernity meet, offering an excellent quality of life. Living in the city center means having immediate access to commerce, services, culture and leisure, as well as an efficient transport network that connects the city from end to end.

This apartment stands out for its contemporary architecture and sober style, favoring large and well-distributed spaces. Natural light is one of the great attributes of this property, with east and west sun exposure, providing comfortable and welcoming environments throughout the day.

The living room and kitchen are in perfect harmony with urban life, supported by a generous balcony that expands the perception of the living space and allows you to enjoy the outdoors without leaving home. This balcony, which extends along the two rooms, becomes a true refuge, ideal for moments of leisure or al fresco dining.

The apartment also has a parking space and storage, factors increasingly valued in the center of Porto, ensuring convenience and extra space for organization. The building also has a small garden for common use, providing a touch of nature in the urban environment.

Scheduled for completion in July 2025, this apartment represents an excellent opportunity for own housing, allowing you to live in the heart of the city with all the comfort and practicality.

If you are looking for a modern space, well located and with quality finishes, this apartment is the right choice.

Schedule your visit and discover your new home in Porto!
